// Looking for a Web Designer!

We Are Ghost.

More than just an East Midlands design agency, We Are Ghost have an established reputation for delivering high-end marketing and consumer solutions to an expanding portfolio of globally recognised brands.

Our combined experienced and youthful team helps Ghost deeply understand our client's projects and provide some new thinking that takes them to new levels.

We're on the lookout for a Full time Senior Web Designer (37.5 hours per week). You would be working alongside our design and web development teams and be responsible for some strategic thinking and turning client briefs into engaging and attractive digital content.

Therefore, the successful candidate would be able to do the following:

- Research and understand our client's digital users, to develop tailored user journeys
- Create modern, exciting and engaging digital experiences
- With an Account Handler, work closely with clients
- With an Account Handler, configure, price and quote projects
- Concept creation and presentation skills are a must
- Advise and help clients with related IT issues for smooth transitions
- Mentor / encourage more junior members of our digital team.

Skills Required:

- Previous web design experience working within an agency environment
- Understanding of HTML / CSS / JavaScript / Wordpress
- Some understanding of Magento
- Advanced knowledge of Photoshop and Illustrator
- Ability to follow briefs and give feedback where needed
- Excellent communication skills
- Exceptional front-end design skills
- A strong creative eye with a strong attention to detail
- Confident ability to present work to clients
- Firm understanding of UX best practice and web standard
- Departmental leadership skills would be helpful.

Working from our fantastic Burton-upon-Trent office, you'll enjoy as much free coffee as you can guzzle, work with highly creative and friendly people.

Competitive salary – depending on experience.
